Who We Are Litany

One: What does it mean to be transformed as Christians so that we can become hope for the world around us?

ALL: It means that we learn how to listen to God speaking to us through contemplative prayer and begin to be renewed by the renewing of our minds.

One: God always has a plan in mind for us as his people.

ALL: We are partners with God in being hope for all!

One: God calls us to be agents of change for the world, to bring the kingdom of God here on earth.

ALL: Help us to believe that we are the right people at the right time to answer your call to be your agents of change in our world.

One: Give us the courage to live never being the same.

ALL: When we are never the same, we yearn for transforming ways that change us and change the world around us, freeing us from injustice and sin.

One: Remind us that we can be different as Christians.

ALL: Remind us to be your hopeful people in our world today. Remind us that hope is always present because God is always present.

Pastor's Note:

This morning, we are continuing our sermon series on how we are hope for the world and concentrating on being transformed as Christians. If we are going to truly become hope for the world around us, then it will begin with our being transformed by the renewing of our minds. This process always begins with us listening to God because God's definitions of hope always differ from ours. Then we can truly become hope for the world, because we are then backed by the power and love of God and we become partners with God in providing hope to the world. We can accomplish many wonderful works of God together! We will look for all the ways God wants to work among us. We will then walk with courage and strength to begin to incorporate those new ways into our lives together. Come back next week as we continue our sermon series on how we are hope for the world today.
